Please find enclosed a Master List. The source of each address is per the following "Source Codes." Please review the list carefully and provide us with any updates. We mail information to any updated addresses on a daily basis. Be sure to share the attached list with your Reunion Committee, to obtain additional input.

Your review is very important, since you and your Reunion Committee may have first-hand knowledge about your classmates. If you have any questions about this list or any other issues, please do not hesitate to call your Great Reunions liaison, Karen Baker, at extension 131.
